

Garden bed 18: Wedding Lawn Garden bed. This is very large centrepiece Garden bed facing the rear entrance to the south and the Wedding Lawn to the north. In addition to camellias, it features a range of outstanding trees and shrubs including a second swamp cypress (*Taxodium distichum*); an outstanding Mexican Bald Cypress (*Taxodium mucronatum*, encountered immediately upon entry through the main rear gate), a Persian Witch Hazel (*Parrotia persica*); a Golden Totara (*Podocarpus totara* ‘Aureus’); *Magnolia doltsopa* ‘Silver Cloud’; and a Golden English Elm (*Ulmus procera* ‘Louis van Houtte’).

Wedding Walk in summer from under the Golden Totara – the Wedding Lawn Garden bed begins on the left hand side of this walk as one enters from the main back gate.

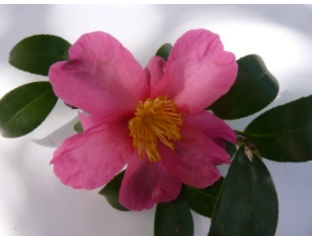

AREA A

Family: Theaceae

Code Number	Camellia Name	Flower Photo (if available)	Description, Origin and Registration Number	Flowering Period
CGN0544 CGN1209	<i>C. japonica</i> 'Bob Hope'	 <p data-bbox="628 887 951 949">Photo courtesy Jim Powell, Camellias Australia.</p>	<p data-bbox="978 524 1150 685">Large to very large irregular semi-double, brilliant dark red.</p> <p data-bbox="978 725 1174 1155">1972, Nuccio's Nurseries Catalogue, Altadena, California, US.
