

Garden bed 29: RSL Cascade Garden bed. This Garden bed encompasses the perimeter of the RSL Cascade memorial. There is currently one camellia planted in this Garden bed.

It features a **Significant Landmark**, originally a fountain in memory of the fallen by the Sub-Branches of the Returned Services League (RSL), opened by Sir Roden Cutler on 7 April 1973. The original jet fountain was later replaced with a cascade a decade later, as the water pressure kept clogging the jet with silt.

AREA B1

Family: Theaceae

Code Number	Camellia Name	Flower Photo (if available)	Description, Origin and Registration Number	Flowering Period
CGN1520	<i>C. hiemalis</i> 'Chansonette'		Imbricated formal double brilliant pink, averaging 7.5 cm across by 2.5 cm deep with up to 46 petals. A seedling of 'Shishigashira', it is an excellent hedge shrub. 1958, Washburne, US. Reg. No. 320. Winner Ralph Peer Sasanqua Award in 1959.	April to July

Family: Philydraceae

During summertime, you should catch a glimpse of flowering of the rare Stream Lily, or *Helmholtzia glaberrima*, found in the wild in northern New South Wales and southern Queensland.
