Walter Hazlewood

CAMELLIA SOCIETY TASMANIA INCORPORATED

**Nomination for The "Walter Hazlewood Award"
Curriculum Vitae – June McLeod**

Mrs June McLeod joined the Tasmanian Branch of the Camellia Society in 1998. At that time it was an Affiliate of the then Australian Camellia Research Society.

June was elected as a member of the Committee of the Tasmanian Branch in 1999 and remained on the Committee for seventeen years, until September 2016.

In 2000 and 2001 June took up the reins as Editor of the Tasmanian Branch Newsletter. In 2001, she was elected President of the Tasmanian Branch and held the position for four years until 2005. She introduced new members to the Society and encouraged existing members to attend monthly meetings. The working bees at Narryna Heritage Museum in Battery Point, where the Society established the camellia garden in 1979, were also a priority, and there was always and still is a welcome cup of tea and biscuits for the enthusiasts.

In 2004, as well as being President, June again took on the role of Editor of the Tasmanian Society's Newsletter and held the position unflinching until 2014, a mammoth undertaking.

June was elected President of Camellias Australia Inc. in 2008 and held that position until 2011. This included Vice-President for three years from 2005 and a further three years as Immediate Past-President, an enormous commitment.

June attends National Council Meetings almost every year, representing Camellia Society Tasmania Inc. as a Councillor regularly, when not on the Executive of Camellias Australia.

June has been an enthusiastic and dedicated member of the Sub-Committee for the National Congresses held in Hobart in 2003 and 2010 and Launceston in 2016.

June participates in blooms competitions held at Society meetings and benches blooms at the various shows held in Hobart, Claremont and Launceston,

spending long hours setting up, selling raffle tickets and talking passionately to members of the public in order to promote the growing and love of camellias.

June has opened her home over the years to the Camellia Society both for meetings and also as a gracious hostess to a number of members of other affiliates. She is kind and thoughtful to members who for one reason or another find it difficult to bench blooms at shows and on numerous occasions has assisted so that these members can participate and also to ensure that there are sufficient blooms to put on a wonderful display. June willingly provides transport to meetings for members who may otherwise be unable to attend. She is a great asset to the Camellia Society.

Vale - Keith Winstanley

We received the sad news recently that Keith Winstanley passed away on 23 June 2017 at age 80. Judy and Keith were very involved in Camellias Victoria. They were a team with their flowers, Judy was the exhibitor and Keith her helper and he also enjoyed photographing camellias and gardens. Our thoughts are with Judy and her family at this sad time.
